

# THE YEAR 2024 A NEW TIME FOR FRESH BEGINNINGS

Beginning a new year usually inspires a feeling that we get to wipe the slate clean and start again. This year is a chance to think about it a little differently. Not just to make decisions to do or not do something but add resolve to those decisions. Resolve means you make firm determination to do or not do something. Since this year happens to be a new decade, we can choose to put more resolve to the plans for our lives. Let's make goals for a course of action to achieve those resolutions. Enjoy these encouraging quotes about new beginnings.

### **Edith Lovejoy Pierce**

"We will open the book. Its pages are blank. We are going to put words on them ourselves. The book is called Opportunity and its first chapter is New Year's Day."

#### Ellen Goodman

"We spend January
1st walking through
our lives, room by
room, drawing up
a list of work to be
done, cracks to be
patched. Maybe this
year, to balance the
list, we ought to walk
through the rooms
of our lives ... not
looking for flaws but
for potential."

#### T.S. Eliot

"For last year's words belong to last year's language. And next year's words await another voice."

#### Rainer Maria Rilke

"And now we welcome the New Year. Full of things that have never been."

### Martin Luther King Jr.

"You don't have to see the whole staircase, just take the first step."

### THE FIVE DS & GOAL SETTING

It is easy to follow a normal routine and forget what we may want to accomplish with our health, job and life. If we reflect on our current situation, we may ask ourselves why are we not where we thought we would be? We have the ability to conduct our actions with a purpose. We need to look at where we are presently, where we want to be in the future and what is the best way to get there. Setting goals provides actions with a purpose. You may have in mind where you want to be, but goal-setting will help with motivation and confidence to reach that destination.

#### **GOAL-SETTING:**

- Dream It is the best place to start because dreams can come true. Set your dream goals.
- Development Decide on specific areas in need of improvement and set a target date.
- Daily What can you do daily to accomplish your goal.
- Dignity (self-acceptance) Give your best and enjoy the process of improvement. "Success is not final. Failure is as well not fatal." Winston Churchill.
- Dynamics with those involved Surround yourself with a support team to encourage you.

## A CHALLENGE FOR ALL STATE EMPLOYEES TO BECOME THE HEALTHIEST IN THE NATION.

Research shows the association between exercise and our physical health, but latest studies are now showing the connection to our brain health. Since the pandemic, many have lost motivation to exercise so the purpose of starting a walking club is to get people to encourage each other by walking together.

Set your Goal.

Measure your progress.

Make this your best year yet!
