I. Introduction

To Our Participating Employers,

The Teachers' Retirement System (TRS) serves more than 200,000 active and retired members who work for about 600 different participating employers. We could not adequately serve our members without the help and collaboration of our employers and those whose jobs include sending in payroll data and contributions. In short, you are our partners in ensuring that TRS can meet its commitment to provide retirement income security to our members. With your help the employer reporting process is working better than ever. Technology has made it easier and more efficient to get member data quicker and get the funds invested for the benefit of all of us. So, thank you for everything you do to make this possible.

Because TRS has been around for more than 80 years, different retirement eligibility, benefit formulas, vesting and other special situations, make the administration of TRS complex. The Employer Manual you are reading is intended to be a road map so that you have answers to your questions at your fingertips. If you have comments or suggestions, please let us know because we are truly in this together. Together we can make TRS stronger and more efficient.

Thank you,

TRS Staff

Purpose of the Employer Manual

The Employer Manual is the primary resource to assist employers with their TRS functions including monthly and yearly reports.

About TRS

The Teachers' Retirement System of Oklahoma is a defined-benefit pension plan serving Oklahoma Educators and those whose primary work is associated with providing public education services in Oklahoma.

The Defined Benefit Plan is qualified under Section 401(a) of the Internal Revenue Code. Eligible retirees of the System's 401(a) plan receive a monthly benefit from their retirement date throughout their remaining lifetime through a formula based on years of service and final average salary of the member. The formula gives retirees a percentage of their salary as a retirement benefit. The more years of service the member has at retirement, the greater the percentage of salary the member will receive at retirement.

Employers are encouraged to have the current copies of both documents.

It is the responsibility of each TRS participating employer to do the following:

2. Enroll employees into TRS membership as required by Oklahoma law,
3. Remit member, employer, and matching contributions to TRS in a timely manner,

Employees of charter schools shall in all circumstances follow the rules applicable to other members of the Teachers' Retirement System. Employees of charter schools that do not apply or are not approved for membership in the Teachers' Retirement System shall not be eligible for retirement service credit for years of employment performed in a non-member status and such employees shall not be eligible to purchase service at any time subsequent to such employment.

III. Membership

Employer Responsibility

It is the responsibility of employers to identify employees who are required by statute to become members of TRS as well as to determine the eligibility of all other employees and enroll them accordingly.

Classified (Mandatory) TRS Membership

All classified personnel are to become members of TRS as a condition of their employment, regardless of the number of hours worked or the age of the employee.

1. The term “classified” is not to be confused with “certified.”
2. The following employees are considered to be “classified personnel” by TRS and are required to be members with the exception of employees of Comprehensive Universities subject to the Alternate Retirement Plan:
 - a. Any teacher, principal, superintendent, supervisor, administrator, librarian, certified or registered nurse, college professor, or college president whose salary is paid wholly or in part from public funds.
 - i. TRS relies on the definition of “teacher” as outlined in [70 O.S. §1-116](#).
 1. Under this statute, “teacher” includes SDE certified counselors serving in a counseling position for which certification is required.
 2. **Starting November 1, 2024**, “teacher” shall also include specified athletic trainers as defined by 70 O.S. §1-116(8). The term “athletic trainers” is defined as person employed full time by a board of education who is a Certified Athletic Trainer with current certification from the Board of Certification of the National Athletic Trainers' Association and is also currently licensed to practice in the state in accordance with the State Board of Medical Licensure and Supervision.
 - b. Any employee of any state department, board, board of regents or board of trustees, who is in a supervisory or an administrative position, the function of which is primarily devoted to public education (at the discretion of the Board of Trustees of the Teachers' Retirement System).
 - c. The term “teacher” also includes instructors and counselors employed by the Department of Corrections and holding valid teaching certificates issued by the State Department of Education. Provided that a person employed by the Department of Corrections as an instructor or counselor shall have been actively engaged in the teaching profession for a period of not less than three (3) years prior to employment to be eligible to participate in TRS. The Department of Corrections shall contribute the employer's share to TRS.

Governance

[70 O.S. § 17-103 Membership of Retirement System](#)

A. All classified personnel shall become members of the retirement system as a condition of their employment;

[70 O.S. § 17-101 – Definitions](#)

(3) "Classified personnel" shall mean any teacher, principal, superintendent, supervisor, administrator, librarian, certified or registered nurse, college professor, or college president whose salary is paid wholly or in part from public funds. An employee of any state department, board, board of regents or board of trustees, who is in a supervisory or an administrative position, the function of which is primarily devoted to public education, shall be considered classified personnel under the meaning of this act, at the discretion of the Board of Trustees of the Teachers' Retirement System. The term "teacher" shall also include instructors and counselors employed by the Department of Corrections and holding valid teaching certificates issued by the State Department of Education. Provided, that a person employed by the Department of Corrections as an instructor or counselor shall have been actively engaged in the teaching profession for a period of not less than three (3) years prior to employment to be eligible to participate in the Teachers' Retirement System of Oklahoma. The Department of Corrections shall contribute the employer's share to the Teachers' Retirement System of Oklahoma.

Non-Classified (optional) TRS Membership

Non-classified personnel who are regularly employed for twenty (20) hours or more per week are eligible for membership in TRS.

1. Non-classified personnel include teacher's aides, cooks, janitors, non-supervisory maintenance personnel, bus drivers, non-certified or non-registered nurses, non-certified librarians, clerical employees, and adjunct teachers (as authorized by the State Department of Education (SDE) and described in 70 O.S. § 6-122.3). The term "adjunct teacher" as used in this paragraph only applies to adjunct teachers employed pursuant to the applicable SDE rules and not to adjuncts employed under other circumstances, for instance, those employed at a Career Technology School District or Higher Education employer.
 - a. The function of the employee must be primarily devoted to public education.
 - b. The salary of the employee must be paid wholly or in part from public funds.
 - c. Employee's position must require regularly working 20 hours or more per week.
 - d. Employee must be in a non-supervisory position.
2. Eligible non-classified personnel may make a one-time written irrevocable election to opt out of the System on a form provided by TRS . This election must occur within 30 days of their initial date of hire or their initial eligibility for TRS,

whichever is later. This election can only occur if the non-classified employee has never previously worked in classified employment for a TRS participating employer. (See subparagraph (f) below for additional details.) Eligible non-classified personnel who timely opt-out are not permitted to participate in TRS during their non-classified employment with relevant TRS employers.

- a. Failure to timely elect to opt out within the required timeframe will result in the employee being deemed to participate in TRS for both current and all subsequent eligible non-classified employment.
- b. Non-classified optional employees employed in higher education where an alternate retirement plan (ARP) is in place have slightly different requirements than TRS Employers without an ARP (Traditional Employers). Initially, employees eligible for the ARP must elect to participate or not in the ARP according to ARP requirements. If electing to not participate in the ARP, the employee must then timely determine whether to participate or not in TRS. If determining against TRS participation, the employee must timely opt out of participation by executing the irrevocable written election opting out of participation within 30 days of hire or eligibility, whichever is later. The election applies to both current and all subsequent eligible employment at ARP employers.
- c. A non-classified employee's election to participate on or after July 1, 2021, is binding and shall follow the employee throughout all subsequent non-classified employment with either an ARP Employer or a Traditional Employer, as applicable. An opt-out form with one employer type (for example, an ARP Employer) shall not prohibit subsequent participation in TRS with the other employer type (for example, a Traditional Employer).
- d. On or after July 1, 2021, a non-classified employee who validly elects not to participate in TRS for non-classified employment but is subsequently employed as a classified employee will be a mandatory member of TRS for the duration of their classified employment. If that employee goes back to non-classified employment, based on their prior election to irrevocably opt out of TRS participation for non-classified employment, they will be prohibited from participation while in non-classified employment.
- e. Eligible non-classified employees must opt out using a form provided by TRS. This election form is available online at <https://oklahoma.gov/content/dam/ok/en/trs/documents/forms/TRS-Participation-Election-Form.pdf> **This form should only be utilized if the employee is electing to opt out of participation in TRS.**
- f. **Pursuant to the Internal Revenue Code, individuals who first participated in TRS as a classified member who then come into non-classified employment with a TRS employer will not have the choice to elect out of participation with TRS and shall participate in TRS for all future TRS-**

eligible employment – both classified and non-classified. No election form should be executed, and contributions are due on this employment.

Governance

[70 O.S. § 17-101 – Definitions](#)

C. 1. Nonclassified optional personnel shall have thirty (30) days from the initial date of hire or eligibility to make a one-time irrevocable election to opt out of participation in the System, in a manner required by the Board of Trustees. If an eligible employee fails to make an election within the thirty-day period, the eligible employee shall be deemed to participate in the System.

2. If an eligible employee elects to opt out of participation in the System, the employee shall not make any required employee contributions to the System and the employee's employer shall not make any required employer contributions to the System.

3. If an eligible nonclassified optional employee does not timely opt out of participation in the System, such an employee shall make employee contributions to the System pursuant to Section 17-116.2 of this title and the employer shall make employer contributions to the System pursuant to Section 17-108.1 of this title. Nothing in this subsection shall be construed to prohibit the employer from making the contribution of the employee to the System on behalf of the employee.

4. Contributions Required on All Eligible Compensation

Contributions must be paid on all eligible Regular Annual Compensation, including secondary employment, of participating members. The member will not receive service credit for the applicable employment period until the balance of contributions, including contributions required by the employer, is received by TRS.

Governance

[715:10-13-2. Contributions required on all compensation](#)

(a) Contributions shall be made on all regular annual compensation, as defined in OAC 715:10-13-1, received by a member from any participating employer, including federally-subsidized programs under the direct administration of a public school.

(b) For employees who are participating in TRS at one employer while maintaining employment in an ineligible position at the same or another employer: the employer that employs the member in the ineligible position must remit contributions on the regular annual compensation of that employee. This is generally known as contributing on secondary employment. This includes pay to a teacher who also drives a school bus, members of TRS who are working part-time for another school and members employed on a regular basis who are employed by the same or different school in a summer school or night school program.

(c) All public schools shall treat the employee contributions as being picked-up under the provisions of Section 414(h)(2) of the Internal Revenue Code.

(d) Individuals who join the Teachers' Retirement System during the school year and who have been employed prior to becoming a member must make retroactive contributions from the date their qualifying employment began. The membership date of such a member is the date the first payment is received, not the beginning of the school year. The member shall not receive full service credit until the balance of contributions, including any contributions required by the employer, are received by TRS.

Independent Contractor or Consultant

1. Generally: Compensation paid or anticipated to be paid on all work performed by an employee of the school is subject to TRS contributions.
2. The exception: Participating TRS members and retirees planning to work for a participating TRS employer as an independent contractor or any other business entity, regardless of form, can seek waiver of applicable contributions on compensation by submitting a copy of the contract to TRS for approval. This applies to contributions due for active members and retirees who are returning to post-retirement employment.
3. If approved, the compensation on work performed under the contract will be exempt from applicable TRS contributions.
4. If not submitted to TRS for approval or if the contract is disapproved by TRS, applicable contributions must be paid on compensation earned under the contract.

5. Employers can run a report in MyERS to determine if a contractor is an active or retired member of TRS (see [Member Details by Tax Number](#)).
6. Employers cannot independently contract with any individual they also employ in any capacity. TRS will not approve contracts to waive contributions under these circumstances.

[70 O.S. § 6-101.2 – Contract for Consultant Services](#)

A. No local board of education or administration of a school district or State Board of Education shall enter into a contract for consultant services with any person who has retired as an administrator with any school district for two (2) years after the retirement date of such administrator. Nothing in this section shall prohibit a board of education from employing as a substitute teacher, a person who has retired as an administrator or teacher with a school district within two (2) years after the retirement date of the person.

B. In order for a local board of education, administration of a school district or the State Board of Education to enter into a contract with a person for consultant services as authorized by subsection A of this section, the contract shall contain:

1. A specific list of duties to be performed by the person or by any business entity, regardless of form, from which the person who actually performs the services is authorized to derive any economic benefit, whether direct or indirect;
2. A stated purpose for the contract and the specifically identified need for the services to be performed;
3. An estimate of the duration of the contract, including anticipated periods during which the contract may be renewed;
4. A requirement that the person or business entity performing the consultant service provide the office space, supplies, personnel and other items of expense required in order to perform the contract;
5. A requirement that the person or business entity performing the consultant service provide a written description of services performed under the contract no less than one time each quarter of the year during which the contract is in effect; and
6. A specific identification of all persons who are authorized to perform obligations imposed pursuant to the contract upon behalf of the person or business entity providing consultant services.

C. No local board of education, administration of a school district or State Board of Education may enter into a contract with a natural person who will be employed for any period of time during which there is in force and effect a contract for consultant services to be performed by that person or by a business entity, regardless of form, from which the person employed is authorized to derive any economic benefit, whether direct or indirect. Nothing in this section shall prohibit a local board of education of a school district from contracting to pay for the attendance of school district employees at classes or workshops conducted by a company that employs one or more of the school district employees to conduct the classes or workshops.

Officiating

1. Employers may seek waiver of contributions on compensation paid to a TRS member for officiating when that member is an independent contractor for the Employer. The employer may do so by submitting a contract with the official for TRS approval. The standard OSSAA Independent Contractor Agreement for Officiating, when fully and correctly completed, generally contains all appropriate terms to secure TRS approval of the officiating contract.
2. If a contract is not provided to and approved by TRS, contributions are due on compensation paid for officiating.
3. TRS cannot approve an officiating contract to waive contributions when an independent contractor is employed with the same employer in any capacity.

Employment Staffing Services

All TRS rules and statutes must be followed when an employer enlists the aid of an employment staffing service.

1. Contributions must be paid on all eligible compensation even if the employee has been hired through an employment staffing service.
2. Postretirement contributions must be paid on work performed by all retirees even if the retiree has been hired through an employment staffing service.
3. Employers may submit copies of contracts to TRS to seek TRS approval to waive contributions.
4. TRS must have an approved contract on file or must receive contributions.

Summary of Contribution Types

Employee (member) contributions

Contributions required to be paid by the employee. In some cases, the contribution is funded in part or in full by the employer. This amount is what makes up a member's account throughout their membership. This is also commonly referred to as the "Before-Tax" or "Employee Paid" contributions. All TRS members are required to contribute 7% of their regular annual compensation.

1. Paid to TRS on a pre-tax basis.
2. May be funded by the member or by the employer in part or in full.
3. 7% of the employee's regular annual compensation

Governance

Any school may, for and on behalf of any Teachers' Retirement System member, pay all or any portion of the membership contribution required by statutes.

Employer Statutory Contributions

Contributions required to be funded by employers. See [Rates](#) above.

Matching (Federal) Fee

Fee paid by employers on all compensation paid by federal funds and/or other external sources such as grants. The matching fee must be paid for all members, both active and retired. See [Rates](#) above.

Post-retirement Statutory Fee

Contributions paid by employers on all work performed by employees who are retirees of TRS. See [Rates](#) above.

Regular Annual Compensation

Contributions must be remitted on a member's regular annual compensation (RAC). This amount includes the member's salary plus eligible fringe benefits. Certain types of compensation are ineligible for inclusion in RAC.

Governance

715:10-13-1. Regular annual compensation requirements

(a) Each member of the Teachers' Retirement System is required to make monthly contributions that are a set percentage of "regular annual compensation." Regular annual compensation is defined as wages plus fringe benefits, excluding the flexible benefit allowance provided by 70 O.S. §26- 105, and shall include payments as provided in 70 O.S. §17-116.2, subsection D.

(1) Wages and fringe benefits for retirement purposes are defined as payment for service the right to which accrues on a regular basis in proportion to the service performed.

(A) Payment for service performed shall include payment made for participation in or attendance of staff development or payments for performance of assigned extra duties, and additional payments that are given across the board to qualifying members.

(B) Fringe benefits shall include employer-paid group health and disability insurance, group term life insurance, annuities and pension contributions and IRS Code Section 125 cafeteria benefits provided to all qualified members of the employer, which qualify as fringe benefits under the United States Internal Revenue Code. Provided, however, fringe benefits do not include the flexible benefit allowance provided by 70 O.S. §26-105.

(C) A qualified member is any eligible employee who is currently contributing to the System.

(2) Excluded from regular annual compensation are:

(A) employer contributions to a deferred compensation plan that is not provided to all qualified members of the employer

(B) expense reimbursement payments; office, vehicle, housing or other maintenance allowances;

(C) the flexible benefit allowance provided pursuant to 70 O.S. §26-105;

(D) payment for unused vacation and sick leave;

(E) any payment made for reason of termination or retirement unrelated to service performed by the member;

(F) maintenance or other non-monetary compensation;

(G) payment received as an independent contractor or consultant pursuant to an agreement approved by TRS under OAC 715:10-17-5;

(H) any benefit payments not made pursuant to a valid employment agreement; stipends that are not given across the board to all employees;

(I) payment received for obtaining national board certification;

(J) compensation received from the Teacher Shortage Employment Incentive Program; and

(K) any payment that is not included within subsection 1 above.

(b) Contributions can only be remitted on actual wages and fringe benefits. No individual can contribute on unearned or non-existent compensation. Under no circumstances can members pay retirement contributions on more than they actually earn.

1. Contracted salary which accrues on a regular (monthly) basis
2. Staff development
3. Employer funded TRS member contributions
4. Amounts that would otherwise qualify as salary but are paid per salary reduction agreement to a tax-sheltered annuity and other pension plans. This amount must be taken out of the member's contracted monthly salary rather than an amount paid in a lump sum in addition to the member's contracted monthly salary.
5. Group health, disability and life insurance (excluding the Flexible Benefit Allowance and cash paid in lieu of the flexible benefit under 70 O.S. §26-105)
6. Bonuses, stipends, etc., paid to all employees of the school

Ineligible Compensation

The following compensation types are considered ineligible for inclusion in RAC:

1. Expense reimbursement payments
2. Office, vehicle, housing or other maintenance allowances
3. Flexible benefit allowance and/or cash received in lieu of the flexible benefit allowance under 70 O.S. §26-105

7. Payments made outside a valid employment agreement
8. Non-periodic performance bonus

9. Compensation for clinical activity performed in OUHSC or OSU-CHS professional practice plans
10. Teacher Shortage Employment Incentive Program
11. Compensation paid to adjuncts in higher ed or career-tech with no other simultaneous TRS eligible employment
12. Bonuses or stipends that are not given across the board to all employees
13. Payments made to a tax-sheltered annuity or other pension plan which is not part of the member's contracted monthly salary
14. Payment received for obtaining national board certification
15. One-time retention incentive pay
16. Partial compensation while on temporary total disability or worker's compensation
17. Differential pay made pursuant to the Heart Act and/or USERRA during a period of military absence unless and until the member returns from military absence and properly elects to purchase the period of military leave by making employee contributions. Employers must then remit the employer contributions. (OAC 715:10-5-36).

Governance

[715:10-13-12. Contracts bought up by employer](#)

Teachers' Retirement System will not accept contributions on contract buyouts or grant creditable service, unless approved by the Board of Trustees resolution before the fact or when so ordered by a court of competent jurisdiction. Any payments for accumulated annual leave in excess of sixty (60) days or reimbursement for unused sick leave in excess of the daily amount paid to the teaching staff shall be considered a contract buy out.

Calculating Member Contributions

See [Section 5](#) Calculating Contributions

State Credit Offset

1. Summary

- a. State statutes provide that a person employed by any school district or by a technology center who (a) holds a valid certificate issued by the State Department of Education or the State Board of Career and Technology Education and (b) is employed on a full-time basis to serve as a teacher (starting Nov. 1, 2024, includes athletic trainers who meet the conditions of HB1544 but only upon certification by SDE), principal, supervisor, administrator, superintendent, counselor, librarian or certified or registered nurse shall have a specific amount credited against the employee's contribution to the Teachers' Retirement System. Funds have been appropriated to the State Board of Education and the State Board of

Vocational and Technical Education to pay the State's share of each eligible employee retirement contribution.

- b. State credit is an offset of member contributions. The amount of the offset cannot exceed the amount of the member contribution.
- c. The amount of the offset is based on teaching experience as verified by the State Department of Education and/or the Oklahoma Department of Career and Technology Education. It is not based on TRS retirement service credit.
- d. No more than 5 years of experience may be counted for military service credit and/or out-of-state service credit.
- e. State credit is to be divided by the number of pay periods in the employee's contract and the monthly credit to be added to the employee's compensation. Payment begins with the first full month of employment.
- f. If the employee starts employment late or terminates employment early, the employee will receive a percentage of state credit matching the percentage of the year worked.
- g. If the member works full-time for less than the entire year, the state credit is reduced proportionately based on the employee's full-time employment during the relevant contract period.
- h. Calculate the eligible member's retirement contribution in the regular manner and subtract the monthly credit to be paid by the state. School districts must adjust their payroll procedures to include the monthly credit and adjust remittance reports to TRS to reflect the amount paid by the school and the credit taken as a result of the state payment.
- i. If a school pays the employee's retirement contribution in addition to other compensation, the school must reduce the appropriate amount from the employee's monthly retirement contribution and add that amount to the employee's gross pay. The amount paid by the state to the employee's retirement account cannot be treated as regular annual compensation or count as compensation toward meeting the minimum salary schedule of the state or the local school district's pay plan.
- j. If the school deducts the employee's retirement contribution from the employee's gross salary, the school must decrease the amount of the retirement contribution deduction by the appropriate amount, which will cause an amount equal to the state credit to be added to the employee's gross pay.
- k. Taxable income will increase by any amount added to an employee's wages. The tax status of compensation in any form other than wages will depend upon IRS regulations.

- l. The employer statutory contribution will still be calculated on each employee’s regular annual compensation.
 - m. Federal matching for those employees whose salary is paid in whole or in part by federal funds will continue to be calculated in the usual manner.
 - n. The amount paid by the state to employee accounts is not wages for federal or state income taxes or wages for purposes of FICA taxes (IRS issued a favorable ruling that the amount paid by the state is not subject to FICA taxes).
 - o. The state credit does not require an increase in total compensation paid by the employer. The employer pays less to TRS because the state pays part of the employee’s contribution.
2. Calculating State Credit – see Section 5 Calculating Contributions.
 3. Two or More Employers in the Same Employment Year
 - a. If an employee works both full time at one employer and part time at a different employer, only the full-time employer may claim state credit.
 - b. Warnings will appear on monthly reports when more than 1 employer is or has been reporting state credit.

(c) A person employed by any school district or technology center school district who holds a valid certificate issued by the State Department of Education or the State Board of Career and Technology Education and is employed on a full-time basis as a teacher, principal, supervisor, administrator, superintendent, counselor, librarian, or certified or registered nurse shall have a specific amount credited against the employee's contribution amount to TRS. The State of Oklahoma shall pay an annual amount as set forth in 70 O.S. §17-108.2 for each fiscal (or plan) year.

(d) Each school district or technology center school district shall adjust each eligible employee's monthly contribution to TRS in accordance with statutory provisions and shall cause the annual amount paid by the State of Oklahoma as provided in the preceding paragraph to be deducted from the monthly remittance to each eligible employee's retirement account and a like amount added to the gross pay of the eligible employee.

(1) If the school district pays the retirement contribution in addition to the employee's total compensation, the employer must reduce the employee's annual retirement contribution which the school pays to TRS by the appropriate amount and add that amount to each eligible employee's gross pay.

(2) If the school district deducts the retirement contribution from each employee's total compensation, whether as a salary reduction to pay the retirement contribution as a fringe benefit or as a deduction on an after-tax basis, the employer must adjust the employee's annual retirement deduction in accordance with the amount to be paid by the State. The adjustment in the retirement deduction will result in an increase to the eligible employee's gross pay.

(3) The State contribution to each eligible employee's retirement account is determined by the total experience of each employee as verified by the State Department of Education or the Oklahoma Department of Career and Technology Education.

(4) The State contribution must be calculated and paid in equal monthly installments as determined by the eligible employee's contract, i.e., ten months, eleven months or twelve months. Eligible employees who work full-time for less than a full contract year shall have the prescribed State contribution prorated proportionately based on the employee's full-time employment during the relevant contract period.

Employer Statutory Contributions

1. All employers except for 4-year regional and comprehensive universities are required by law to contribute 9.5% of the regular annual compensation of each participating member. 4-year regional and comprehensive universities are required to contribute 8.55% of the regular annual compensation of each participating member.
2. Employer contributions are due in addition to the contribution required by the member, and in addition to any matching monies required when federal funds or private grants are used to pay a member's salary.
3. Employer contributions must be remitted monthly along with the member's contributions.
4. Employer contributions will not be deposited into the member's account and will not be included in a member's regular annual compensation.

Governance

[Section 17-108.1 A 1. – Contributions of Employer or Members of Teachers' Retirement System](#)

l. beginning July 1, 2010, through June 30, 2011, and for each fiscal year thereafter, nine and five-tenths percent (9.5%) of the regular annual compensation of the member not in excess of any applicable maximum compensation level of the member.

[Section 17-108.1 A 2. – Contributions of Employer or Members of Teachers' Retirement System](#)

e. Beginning July 1, 2010, through June 30, 2011, and for each fiscal year thereafter, a participating employer that employs an employee of a comprehensive university or a regional institution offering a four-year degree program as designated or authorized by the Oklahoma State Regents for Higher Education shall make contributions to the System with respect to such employees at the rate of eight and fifty-five hundredths percent (8.55%) of the regular annual compensation of the member not in excess of any applicable maximum compensation level of the member.

Matching Funds: Federal and Other External Sources

1. When TRS members are paid compensation from federal funds or any externally sponsored agreements (such as private grants or payments from funds provided through a booster club and processed through payroll on a state warrant), employers are required to match the contributions of these members on all, or that portion of, compensation paid from these funds ("Matching Contributions").
2. These Matching Contributions are paid in addition to the employer and member contributions and are to be made at the same time and in the same manner as the member and employer contributions.
3. Matching Contributions must be paid for both active and retired members of TRS.
4. The Matching Contribution rate is set on an annual basis by the TRS Board of Trustees for the following employment year.

5. After August 26, 2021, Summer School Programs have a grant matching rate that is no more than ½ of the regular school rate. The summer school program rate applies to the Fiscal Year in which the summer school program takes place. Example: A summer school program taking place in June 2024 has a 4.20% matching rate. A program taking place in July 2025 is in Fiscal Year 2025, so the 4.00% rate applies.

Fiscal Year	Regular Grant Matching Rate	Summer School Grant Rate
2027	8.0%	4.00%
2026	8.0%	4.00%
2025	8.0%	4.00%

Governance: [715:10-13-7. Matching funds](#)

Employers of TRS members whose compensation is paid from federal funds or externally sponsored agreements such as grants, contracts, and cooperative agreements shall match the contributions of these members on all, or that portion of, compensation paid from these funds. Matching funds shall be paid in addition to employer and employee contributions and shall be transmitted at the same time and in the same manner as the members' contributions. Matching contributions shall be required on all salaries funded from revenues other than funds generated from local taxes or revenues originating from the State of Oklahoma. No later than April 1, each year, the TRS Board of Trustees shall set two contribution rates to be paid by employers.

(1) Traditional Matching Rate: The first rate shall be applied to all services paid by federal funds or externally sponsored grants or agreements performed by members except those services that are included in the definition of "Summer School Program," as defined in subsection 2 below. This contribution rate shall be determined using cost principles established by federal regulations and shall be consistent with generally accepted accounting principles.

(2) Summer School Matching Rate: The second rate shall be applied to service performed by members during a Summer School Program. "Summer school program" is defined as a program offering academic enrichment for students from Pre-K through 12th grades during the summer term after the close of the school year. Members shall only be considered as providing service to a summer school program if such service is provided pursuant to a separate summer school contract between the member and the participating employer. The term "Summer School Program" does not include services performed at a participating employer offering an extended school year pursuant to 70 O.S. § 1-109.1 or services performed pursuant to a twelve-month contract with the employer. The contribution rate shall be determined using cost principles established by federal regulations and shall be consistent with generally accepted accounting principles. The Summer School Matching Rate may take into consideration whether, or to what extent, such service is likely to add to members' service credit or final average salary; however, this rate shall not exceed one-half (1/2) of the Traditional Matching Rate.

Governance

[70 O.S. § 17-108 – Contributions and Funds](#)

A. Each local school district, or state college or university, or State Board of Education, or State Board of Career and Technology Education, or other state agencies whose employees are members of the Teachers' Retirement System of Oklahoma ("participating employers"), shall match, on a pro rata basis, in accordance with subsection B of this section the contributions of members whose salaries are paid by federal funds or externally sponsored agreements such as grants, contracts and cooperative agreements. These funds shall be remitted at the same time as the regular contributions of members are remitted to the Teachers' Retirement System of Oklahoma and deposited in the Retirement Benefit Fund.

B. On an annual basis, the Board of Trustees shall set two contribution rates to be paid by contributing employers as provided in subsection A of this section. Both contribution rates shall be determined using cost principles established by federal regulations and shall be consistent with policies, regulations and procedures that apply uniformly to both federally assisted and other activities, and be accorded consistent treatment through application of generally accepted accounting principles. The Board shall approve the contribution rates for each fiscal year ending June 30, no later than April 1 of the previous fiscal year. The first rate shall be applied to service performed during the regular school year of the participating employer. The second rate shall be applied to service performed by members during a summer school program of the participating employer. For the purposes of this subsection, "summer school program" is defined as a program offering academic enrichment for students from prekindergarten through twelfth grade during the summer term after the close of the school year. Members shall only be considered as providing service to a summer school program if such service is provided pursuant to a separate summer school contract between the member and the participating employer. The term summer school program does not include services performed at a participating employer offering an extended school year pursuant to [Section 1-109.1](#) of this title, or services performed by staff pursuant to a twelve-month contract with the employer. The method applied to setting the second contribution rate may take into consideration whether, or to what extent, such service is likely to add to members' service credit or final average salary; provided, however, the second rate shall not exceed one-half (1/2) of the first rate established in this subsection. The actuary retained by the Board may recommend such rates using assumptions that apply to the group of those members whose service is subject to the second contribution rate.

Post-retirement Statutory Fee

1. Contributions are due on all post-retirement employment.
2. Fee must be paid on compensation for duties ordinarily performed by any employee even if the retiree acts as or is employed through a proprietorship, partnership, corporation, limited liability company, employment staffing service, or any other business structure.
3. The fee is to be paid on fringe benefits, including insurance, paid by the employer.

4. The Flexible Benefit Allowance insurance or cash paid in lieu of the benefit is not subject to the fee.
5. Post-retirement fee exemptions
 - a. Payment made to a retiree with a warrant directly from an organization such as Band Boosters or Touchdown Club, rather than with an employer/state warrant.
 - b. Insurance paid by the flexible benefit allowance provided pursuant to [Section 26-105](#) or cash in lieu.
 - c. Employment as a consultant or contractor, including for officiating, through a contract that has been approved by TRS.

6. Post-retirement Fee Rate

The rate for post-retirement contributions is equal to the combined employer and employee rates for active employees:

- a. EESIP Eligible Employer (K-12 Schools, Career Techs, 2-Year Colleges and State Agencies): currently 7.00% + 9.50% for a total of 16.50%,
 - b. Non EESIP Employers (Comprehensive and Regional 4-Year Colleges and Universities): currently 7.00% + 8.55% for a total of 15.55%.
 - c. Post-retirement employment compensation paid from federal funds or any externally sponsored agreements (such as private grants or payments from funds provided through a booster club and processed through payroll on a state warrant) are additionally subject to [Matching Contributions](#).
7. Post-retirement fees must still be paid on retirees hired through an employment staffing service or any other business structure.

[715:10-13-13. Contributions while receiving payments from Workers' Compensation](#)

Any member who is an active contributing member and receives temporary total disability benefits during the period of absence from a public school due to a work-related injury or illness and qualifies for payment pursuant to the Workers' Compensation Act shall receive credit for said period of absence, if contributions were not remitted on the member's regular annual compensation while the member is receiving temporary total or partial disability benefits, subject to the following requirements:

(1) the member was employed by the public school immediately prior to and during the period of absence,

(2) the member must notify the System in writing not later than four (4) months after the member's return to his or her job duties with the public school, or termination of the temporary total disability benefits, whichever is earlier, of the member's desire to receive service credit for the period of absence,

(3) the public school employer must certify to the System in writing the dates during which temporary total disability benefit payments were paid to the member, and

(4) the member and the public school employer shall each pay the respective contributions required for the period of absence without interest within sixty (60) days of billing by the System, or with interest at a rate consistent with the actuarial assumed earnings rate adopted by the Board of Trustees (currently 8% per annum), compounded annually if paid after said sixty (60) days. Employee and employer contributions will be based on the member's regular annual compensation the member would have earned had the injury or illness not occurred.

(5) All balances due must be paid in full at least 30 days prior to termination of employment or ninety (90) days prior to the effective date of a member's official retirement date.

Family Leave

After exhausting all other applicable leave (sick leave, maternity leave, and extended leave ("substitute deduct" leave)), members who are full-time teachers may purchase service credit for family leave without pay when they have been granted approval by their employer's board of education to take such leave and meet other conditions pursuant to [70 O.S. § 6-104.1](#).

1. The purchase of family leave is limited to 90 school days.
2. The teacher must notify TRS within 30 days of returning to service that they wish to purchase family leave and must pay the actuarial cost of the period of absence. Applicable service credit will not be awarded until such payment is received. The teacher shall have up to twelve (12) months from the date he or she returns to service to remit payment.
3. Service credit for family leave cannot be purchased unless the teacher can document the leave as being used to care for the teacher's child during the child's first year of life.

Contributions paid for sabbatical leave performed after July 1, 1990:

1. Member must receive at least one-half pay from the employing school.
2. Member must be on "official sabbatical" granted by the governing board of the employing school or institution.

3. Member must notify TRS in writing of his or her intent to make contributions. Notification must include verification of "official sabbatical" status from employer.

 - a. Fractional (half-time) service credit cannot be awarded.
 - b. The Employment Year End Report must reflect only days on which full-time contributions were paid. Also, the "Sabbatical" box must be checked.
 - c. Contributions from sabbatical leave performed after July 1, 1990, cannot be "caught up" or purchased at a later date.

[70 O.S. § 6-104.1. Sick and Extended Leave – Leave Without Pay](#)

After exhausting sick leave and extended leave pursuant to Sections 6-104 and 6-104.5 of this title and maternity leave pursuant to Section 1 of this act, a full-time teacher who, with the proper approval of the district board of education, takes not more than ninety (90) school days of leave without pay to care for the teacher's child during the first year of the child's life, shall receive full credit for the days on leave without pay as though the teacher had been on leave with pay for purposes of computing experience for the minimum teacher salary schedule. A teacher on leave without pay pursuant to this section who pays the actuarial cost, as determined by the Board of Trustees of the Teachers' Retirement System of Oklahoma, shall have the period during which such leave without pay is taken, counted toward retirement service credit as though the teacher had been on leave with pay. The teacher shall notify his or her employer and the System in writing within thirty (30) days from the date he or she returns to service that he or she will pay such actuarial cost. The teacher shall have up to twelve (12) months from the date he or she returns to service to pay such actuarial cost.

[715:10-5-33. Credit for family leave](#)

(a) Pursuant to 70 O.S. §6-104.1, a full-time teacher who takes ninety (90) or fewer days of leave without pay to care for the teacher's child during the first year of the child's life shall receive retirement service credit for the days taken as leave without pay if:

- (2) TRS receives payment for the actuarial cost of the service credit for the days taken as leave without pay;

(b) The teacher shall notify their employer and TRS in writing within thirty (30) days from the date the teacher returns to work that the teacher will pay the actuarial cost of the service credit for the days taken as leave without pay.

(c) The teacher shall have up to twelve (12) months from the date they return to work to pay the actuarial cost for the days taken as leave without pay.

[715:10-5-3. Official sabbatical leave from an Oklahoma school](#)

(a) A member may purchase credit for an official sabbatical leave performed prior to July 1, 1990, provided the member received at least one-half (1/2) pay from the employing school and the governing Board of the employing school or institution granted such leave in its official records or minutes as an "official sabbatical". Payment shall be based on the actuarial cost of such service as defined by OAC 715:10-5-4.

(b) A member may receive credit for an official sabbatical leave performed after July 1, 1990, providing the member receives at least one-half (1/2) pay from the employing school, the governing Board of the employing school or institution designates such leave as an "official sabbatical," and the member notifies the Teachers' Retirement System in writing of his or her intent to make contributions for sabbatical leave credit. To qualify, the member must receive at least one-half pay from the employing school. Compensation from other entities will not qualify in meeting the one-half pay requirement. Contributions for such employment shall be at a rate commensurate with the salary earned as a regular full-time employee in the last preceding school year. "Official sabbatical" means paid leave granted by the governing board of the employing school or institution. The member must elect to participate and make contributions to TRS at the time of the sabbatical. Sabbatical leave cannot be purchased by the member at a later date.

Monthly Reporting of Contributions

1. Pay Periods of Contributions

- a. Monthly contributions must represent the pay period in which work is performed, **not** the month employees receive their pay.
- b. For example, if teachers report to work in August, the first contribution submission for the employment year will be in September but designated as the August reporting month.

2. Contribution Due Date

Monthly contribution reports and payment are due by the 10th day of the following month for work performed during that pay period. For example, contributions for work performed in September are due by the 10th day of October.

Late Fees – See also [Reporting Process for Paying or Waiver of Late Fees.](#)

1. Monthly contribution reports and payments submitted more than 30 days after the end of the payroll month being reported shall accrue a monthly late charge of 1 ½% compounding monthly until contributions are submitted. See 715:10-13-15.
2. For questions about accrued late fees, contact helpdesk@trs.ok.gov.
3. Employers must pay or request late fees waiver from the TRS Board of Trustees via the TRS Executive Director. Requests must be on employer letterhead, set out good cause, and be signed by the Superintendent or CFO. They can be emailed to helpdesk@trs.ok.gov.

2. The record shall contain all employees eligible to participate in TRS, including any optional employees who have newly opted out of participation during that month.
3. The record shall contain all retirees who are employed by the school who have not received an approval from TRS to waive post-retirement contributions.
4. Employers shall allow reasonable access to its payroll records, records of contribution payments to TRS and all other records relevant to the participation of its employees in TRS upon request of TRS.

IRS limit on Contributory Salary

1. Membership date before 7-1-1996: No limit on contributory salary.
2. Membership date on or after 7-1-1996: TRS will only accept contributions on compensation up to the maximum contributory salary limit set annually by IRS. TRS contributions will not be accepted on any portion of salary higher than the maximum contributory salary limit and no benefits will be paid on compensation in excess of this limit.
3. Limits are set by the IRS on a calendar year basis and applied by TRS on plan (or employment) year basis, not calendar year.

Example: IRS annual limit for calendar year 2025 is \$350,000. This limit is applied to employment year (fiscal year) 2026.

Employment Year	IRS Maximum Contributory Salary Limit	Employment Year	IRS Maximum Contributory Salary Limit

Governance

[70 O.S. § 17-120 – Deposit of Contributions](#)

The employer of each member shall submit all required school reports and all employer and employee contributions of each member due the Retirement System for payroll periods ending during the calendar month within ten (10) days of the last day of each calendar month. Any required school reports and employer and employee contribution amounts not submitted to the Retirement System after thirty (30) days from the end of the payroll month shall be subject to a monthly late charge of one and one-half percent (1 1/2%) of the unpaid balance to be paid by the employer to the Retirement System compounding monthly for each month payment is not received. The Board may waive late fees for good cause shown.

[715:10-13-15. Waiver of employer late fees](#)

(a) TRS statutes provide that all employer and employee contributions must be remitted to TRS within 30 days after the end of the month in which the work was performed. If they are remitted after the deadline they are assessed a 1 ½% late charge, compounding monthly. The Board of Trustees may waive the late fee for good cause shown but may delegate this authority to staff. The Executive Director is authorized to waive these late fees. Good cause is generally shown in cases of an unforeseen circumstance such as a death or illness, acts of nature, or other unforeseen and unavoidable circumstance rendering the timely payment of contributions impossible.

(b) The System will automatically waive late fees assessed for any contributions received late due to the late receipt of federal funds or workers' compensation payments.

(c) The System will automatically waive any late fees assessed in the amount of \$50 or less, provided the requesting employer has had one or less late remittances in the past 12 months.

(d) All other requests for waiver of late fees shall be presented to the System for review and determination of good cause shown for waiver. All waiver requests must be made on district/employer letterhead and signed by the Superintendent, CEO, or CFO.

[715:10-15-27. Code Section 401 \(a\) \(17\) limits as applied to TRS](#)

Notwithstanding any other provision of the administrative code, benefit calculations from the retirement system shall not take into account compensation in excess of the amount prescribed by Section 401(a)(17) of the Internal Revenue Code. However, this limit shall not apply to any eligible participant (any member who joined the system prior to July 1, 1996).

[70 O.S. § 17-108.1 – Contributions of Employer of Members of Teachers' Retirement System](#)

E. All participating employers shall provide a complete record of the total compensation paid to each employee, including any person who is a retired member of the System, whether or not employer and employee contributions are made with respect to such compensation. The employer shall provide the report required by this subsection on a monthly basis on a form or using such method as the Teachers' Retirement System of Oklahoma may require and shall provide a comprehensive annual report showing the correct compensation, service credit and contributions for the prior fiscal year. Each participating employer shall provide reasonable access to its payroll records, records of contribution payments to the System and all other records relevant to the participation of its employees in the System, to the System, its employees or authorized agents. A participating employer shall cooperate with auditors retained by the System to audit its financial statements or otherwise audit the financial operations of the System.

V. Calculating Contributions

Excel Calculator

In order to assist employers in calculating contributions, TRS has provided an excel calculator. This spreadsheet is accessible online by clicking [here](#).

VI. Service Credit

Retirement benefits are calculated using a defined retirement formula: $2\% \times (\text{service years}) \times (\text{final average salary}) \div 12 =$ monthly benefit. The 2% factor is fixed; however, benefits will vary depending on the number of service years (service credit) and the final average salary.

Service credit is the term used to define a year or years that a member has both worked for an eligible employer of the retirement system and made the statutorily required contributions for the year they worked – this is technically termed membership service under 70 O.S. § 17-101(9). Eligible members may receive either a full year of service credit or a fractional year, depending on factors such as days required to work and actual days worked. The accumulated body of awarded years of service is commonly referred to as “service credit” or “years of service.” The methodology for calculating Service credit has changed throughout the years. The current methodology (for service on/after July 1, 2019) is addressed in this section.

For earlier calculation methodology, please refer to the TRS rules located on our website under Publications at <https://oklahoma.gov/trs.html>. Employers should stay current with the rules as they can change annually.

Earned Service Credit

Service Credit on/after July 1, 2019.

The formula used to calculate service credit will be applied in the same manner for both full-time and part-time employment. The minimum requirement for full-time employment is 6 hours per day, 30 hours per week, 8 months per year. Service credit will be reduced if the employee works less than the minimum requirement for full-time employment, or less than the full-time equivalent for the position worked.

1. Earned Service credit is based on contributions paid while employed.

Governance

Rule 715:10-3-1

(d) For service performed on or after July 1, 2019, the formula used to calculate service credit will be applied in the same manner for both full-time and part-time employment. The minimum requirement for full-time employment is 6 hours per day, 30 hours per week, and 8 months per year. Service credit will be reduced if the employee works less than the minimum requirement for fulltime employment or less than the full-time equivalent for the position worked. Service credit will be calculated by multiplying the full-time equivalent percentage by the employment year percentage as follows:

(1) Full-time equivalent percentage is calculated by dividing the number of hours per week the member was employed by the number of hours per week for the full-time equivalent position.

(2) Employment year percentage is calculated by dividing the number of days the member was employed by the number of days required for the full-time equivalent position for the full employment year.

2. To receive a full year of service credit, members must meet both the TRS minimum requirement for full-time employment and the full-time equivalent for their position.
3. As of July 1, 2019, service credit will be applied in the same manner for both full-time and part-time employment.
 - a. The TRS minimum requirement for full-time employment is a minimum of 6 hours per day, 30 hours per week and 8 months per year.
 - b. This does not mean a full year of service credit is earned by working the minimum. The full-time equivalent is the basis for the required time to be worked.
4. Full-time equivalent requirement
 - a. Member must work the number of days the position would be expected to work during the entire employment year.
 - b. Employers in operation 5 days per week will assume a 5-day per week requirement while employers in operation 4 days per week will assume a 4-day per week requirement for full-time employment.
 - c. Service credit will be calculated by multiplying the full-time equivalent percentage by the employment year percentage as follows:
 - (1) Full-time equivalent percentage is calculated by dividing the number of hours per week the member was employed by the number of hours per week for the full-time equivalent position.
 - (2) Employment year percentage is calculated by dividing the number of days the member was employed by the number of days required for the full-time equivalent position for the full employment year. See examples below.
 - d. Fractions will be rounded to the nearest tenth. For example, .94 will receive .9 service credit while .95 will receive 1 service credit.
5. Members who do not meet all the minimum full-time requirements will be considered part-time employees by TRS.
6. Days Paid = Days Worked: Days on which member receives compensation and contributions are paid will count as a day worked.
7. Leave Without Pay: Days on which member receives \$0.00 compensation and \$0.00 contributions are paid will not be counted as a day worked.
8. See [Workers Compensation](#) for more information regarding this specific type of leave.
9. Service credit examples submitted on Employment Year End Report:

Combined Service

For service performed prior to July 1, 2013, fractions of school terms performed as an active, contributing member in different school years, may be combined to make a total of 6 full months to receive one year of service credit. However, service in one school year may not be divided up into different service years. A partial year of service may also be combined with unused sick leave credit until the combined total is 120 days for another year of credit. For service performed on or after July 1, 2013, fractional service credit will be added together, and the resulting sum value shall be included in the retirement formula calculations.

Other Types of Service Credit

Sick Leave Credit

Sick Leave Credit is service credit for documented unused sick leave accrued while working in Oklahoma public education. A total of 120 days of unused sick leave may count as one year of service credit at retirement.

1. As of August 1, 2012, if a member has less than 120 days, additional service credit for sick leave days shall be equal to the number of unused sick leave days divided by one hundred twenty (120) days. Such service shall be added to other service credit earned while employed by the public schools of Oklahoma. Sick leave in excess of 120 days will not be recognized.
2. The following restrictions apply to sick leave for service credit:
 - a. Donated leave, sick leave that accrued during non-creditable service, or sick leave accrual in excess of 15 days per year will not count toward sick leave credit.

- b. Sick leave must be verified by employer at retirement or termination of employment. When sick leave cannot be verified, 10-year averaging (of sick leave usage during the last 10 years of employment) may be used to determine sick leave credit for early undocumented employment. *Please see [TRS Form 6 Verification of Unused Sick Leave](#).*

Purchased Service Credit

Purchased Service is subject to verification and documentation before a billing statement is prepared, including:

1. Substitute service (120-day minimum in same school year) See [TRS Form 9](#).
2. Adjunct service (18 or more credit hours in same school year) See [TRS Form 9](#).
3. Military service (180-day minimum in same fiscal year) See [TRS Form 7](#).
4. Out-of-state service (6 months of full-time employment in same school year) See [TRS Form 8](#).
5. Prior Oklahoma service (non-contributory service) See [TRS Form 9](#).
6. Optional service performed prior to July 1, 2021, provided the member has not previously withdrawn such service or ceased making contributions to TRS while continuing working during the time period of such service. See [TRS Form 9](#).
7. Service accrual during leave--various time limits may apply in which to notify Teachers' Retirement of intent to purchase and make payment to receive proper credit for leave taken under Workers' Compensation guidelines, when called into active, military duty (under USERRA), due to family leave (during child's first year of life), or due to official sabbatical from an Oklahoma school (requires employer to remit contributions for fulltime pay, commensurate with prior year, while member receives one-half pay during leave).

X. Employment Year-End Report

Report Requirement

1. Employers are required to submit a report summarizing the regular annual compensation, position information, days/hours worked, sick leave balance, and contributions paid for each participating employee for each employment year. Employers must also list names and total compensation paid to any TRS retiree.
2. Submission occurs between July 1 and November 1 for the prior Employment Year.

Report Due Date

Due no later than November 1 of each year for the previous Employment Year.

Purpose of Report

1. Verify correct contributions have been paid.
 - a. Contributions determine salaries used for retirement benefit calculation.
 - b. Member contributions determine the balance of accumulated contributions available in the member account for withdrawal by member upon termination or payment to beneficiary(ies) in the event of member death.
2. Ensure correct compensation.
 - a. Compensation is Regular Annual Compensation.
 - b. Compensation is the “salary” upon which retirement benefits are calculated.
3. Award correct service credit - **members do not receive service credit until report is submitted.**
 - a. Service credit is based on information reported by employers in conjunction with contributions paid throughout the year.
 - b. Service credit is used in calculating retirement benefits.
4. Verify unused sick leave for potential unused [sick leave credit](#).

Report Preparation

The employment year-end report can be prepared using:

1. Vendor or internal programming. Employers should follow the instructions given by the vendor/programmer.
2. TRS's Template, available at <https://oklahoma.gov/trs/employers/employer-reporting.html>
 - a. Requires knowledge of Excel
 - b. Encode information in the template adhering to the requirements of the report format.
 - c. Save as XML file.

- d. Upload on the Employment Year End tab in MyERS.
3. Manual entry in MyERS
 - a. One individual at a time in MyERS.
 - b. Go to Employment Year End tab.
 - c. Click Add Employee
 - d. Enter requested information adhering to the 2-1-2017 File Format
 - e. Save each individual record.

Reporting active employees vs. retired employees

1. Active employees:
 - a. Do not receive a retirement benefit from TRS. Receiving benefits as a joint annuitant to a deceased member does not disqualify an individual from being an active employee.
 - b. Pay employee (member) contributions: before tax, after tax, state credit.
 - c. Add service credit toward potential future retirement.
 - d. All fields, including employment and position information, must be completed and accuracy is vital.
 - e. Retirees who have suspended retirement and returned to active contributing employment are treated as active employees and employee (member) contributions will be due. They are adding service credit for a future secondary retirement.
2. Retired employees (Post-retirement Employment):
 - a. Receive a monthly retirement benefit from TRS.
 - b. Only post-retirement contributions paid by employer are due.
 - c. Do not add service credit for the time worked
 - d. Fields to complete:
 - i. Tax Number
 - ii. Tax Number Type
 - iii. First Name
 - iv. Last Name
 - v. Birth Date
 - vi. Regular Annual Compensation
 - vii. Federal Compensation
 - e. If Employment and Position information are added, they must pass validation.
3. Active and post-retirement employment in the same employment year:

- a. These are employees who have active employment at the beginning of the year, retire mid-year, then begin post-retirement employment immediately after the 60-day break in the same employment year.
- b. Employee has both active contributions and post-retirement contributions in the same employment year.
- c. Report full compensation for the year - include both active and post-retirement employment for Regular Annual Compensation and Federal Compensation.
- d. Report employment and position information for active employment only
- e. Do not include postretirement work in employment and position information.
- f. Service credit is awarded for active employment only.
- g. Scenario: A full-time teacher works August through December earning \$25,000 as an active employee working 7.5 hours per day, 5 days a week. The employee retires January 1 then returns to work as an aide from March 1 through May 28 working 6 hours per day, 5 days a week and earns \$10,000 on which only employer post-retirement fees are paid.

XI. Employer Retirement Verification - ERV

Employer Responsibility

It is the responsibility of employers to complete Employer Retirement Verifications in a timely manner and as accurately as possible for members who are retiring. **No ERV should be completed for an employee when any TRS-covered employer and the employee have plans verbally or in writing for the employee to return to any TRS covered employment in any capacity (paid or unpaid) with any TRS employer after retirement – this includes as an independent contractor or through a staffing agency. Please contact TRS. This is a sham retirement and violates the IRS requirement that an employee complete a bona fide separation from service before retirement. TRS will cancel or delay any retirement when a [bona fide separation from service](#) has not occurred.**

Governance

[70 O.S. §17-105 \(A\) \(1\), \(2\), and \(3\) Retirement](#)

- A. 1. Any member who has attained age fifty-five (55) or who has completed thirty (30) years of creditable service, as defined in [Section 17-101](#) of this title, or for any person who initially became a member prior to July 1, 1992, regardless of whether there were breaks in service after July 1, 1992, whose age and number of years of creditable service total eighty (80) may be retired upon proper application for retirement as established by the Teachers' Retirement System of Oklahoma. Such a retirement date will also apply to any person who became a member of the sending system as defined in [Section 17-116.2](#) of this title, prior to July 1, 1992, regardless of whether there were breaks in service after July 1, 1992. Any person who became a member after June 30, 1992, but prior to November 1, 2011, whose age and number of years of creditable service total ninety (90) may be retired upon proper application for retirement as established by the System. Any person who becomes a member on or after November 1, 2011, who attains the age of sixty-five (65) years or who reaches a normal retirement date pursuant to subparagraph d of paragraph 22 of Section 17-101 of this title having attained a minimum age of sixty (60) years may be retired upon proper application for retirement as established by the System. The application shall be filed with the System in a manner required by the Board of Trustees.
2. **The employer shall provide the System with the following information for a retiring member, no later than the fifteenth day of the month of retirement: last day physically on the job; last day on payroll; any regular compensation not already reported to the System; and final unused sick leave balance.**
3. **Failure to submit this information by the deadline, or errors in submitted information that result in a disqualification of retirement eligibility, shall be the responsibility of the employer. In cases where the error results in disqualification of retirement eligibility, it is the employer's responsibility to reemploy the member, or retain the member on the payroll, for the time period required to reach eligibility, not exceeding two (2) months.**

Employer Retirement Verification - ERV

1. Electronic reporting by employers of information used by TRS to verify service credit, unused sick leave, and final year compensation of retiring members.
2. ERV requirements are created when members submit an Application to Retire to the TRS office.
3. Employers complete electronic reporting through MyERS on the [Retirement Verification tab](#).
4. Information submitted by employers on the ERV is used to finalize retirement benefits.

ERV Notifications

1. Email: ERV contacts will receive emails when ERV requirements are created as well as reminders.
2. MyERS: All current ERVs will be listed on the Home Dashboard along with the due dates.

Navigating MyERS to find ERVs

1. [Home Tab – Dashboard](#)
 - a. View ERVs with approaching deadlines to help avoid missing deadlines.
 - b. ERVs cannot be completed from this tab.
2. [Retirement Verification Tab](#)
 - a. ERVs (1 & 2) can be completed from this tab.
 - b. Search allows employers to locate specific employees.
 - c. Current tab will list ERV1s and ERV2s which have not passed the deadline and can be edited or viewed.
 - d. ERVs which have passed the ERV2 due date are moved to the Completed/Deadline Passed tab.
 - e. Edit: ERV can be edited.
 - f. View: ERV can be viewed but not edited.
 - g. Information to be submitted.
 - i. Compensation: All eligible compensation on which contributions will be paid.
 - ii. Service credit
 - iii. Unused sick leave
 - h. Once completed, the ERV1 Complete and ERV2 Complete boxes will be checked.

ERV1

1. The first of two steps for the ERV process.
2. The ERV1 should report the expected salary, employment information, and sick leave.
3. The ERV1 is submitted with the understanding that the information can change before the member retires.
4. ERV1 information provides an estimate of the member's monthly benefit upon retirement.
5. ERV1 Deadline
 - a. **Due** 60 days before a member's effective retirement date
 - b. If the ERV1 is not completed by the deadline, the member may not be able to retire on the expected date.
 - c. Because a member can submit their Application to Retire to TRS 60 days prior to retirement, TRS will extend a 5-business day grace period to the ERV1 deadline to allow for short turnaround times.
6. The following types of retirements will not have an ERV1 requirement: Disability, Secondary (re-retire), and Option 2 Beneficiary
7. ERV1s can be edited, completed, or corrected as long as the Edit button is available.

ERV2

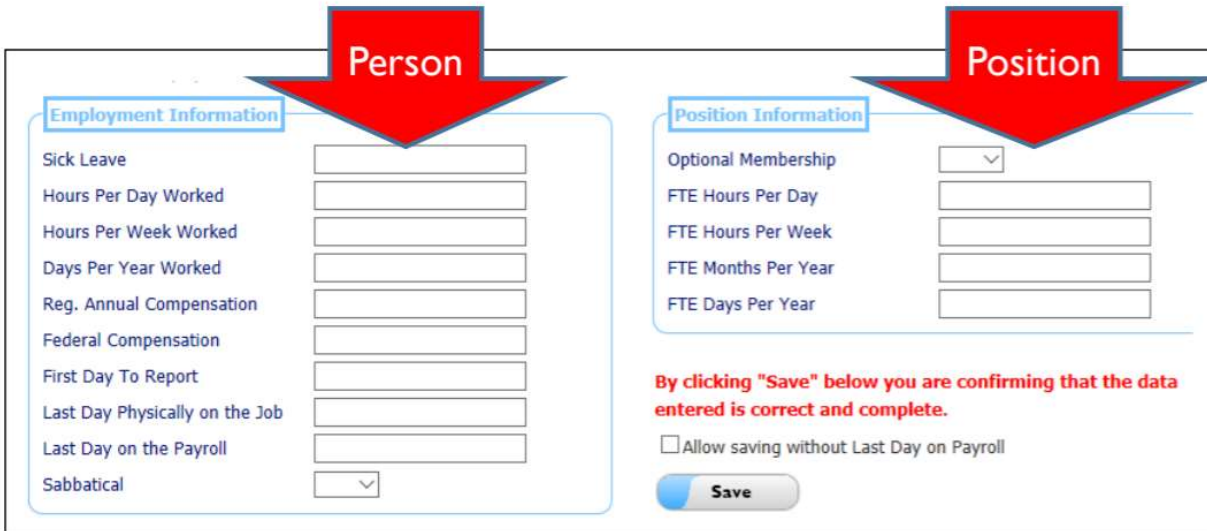

1. The second of the two steps for the ERV process.
2. The ERV2 should report the final salary, employment information, and sick leave.
3. Deadline
 - a. ERV2s are not available for completion until 7 days prior to a member's effective retirement date. This should provide a more accurate determination of the member's benefit at retirement.
 - b. ERV2s are **due** no later than the 15th day of the retirement month. **There is no grace period for the ERV2 deadline.**
 - c. If the ERV2 is not completed by the deadline, the member will not be able to retire on the expected date and the employer will be required to reemploy the member or retain the member on payroll, not exceeding 2 months.
4. If corrections or updates need to be made after the 15th of the month, contact TRS at helpdesk@trs.ok.gov or 405-522-3130.

XII. Additional Information

Post-retirement Employment

Post-retirement Contributions

Employers must fund contributions consistent with the amounts for both the employer's and the employee's share. These contributions are credited to the System and not any individual member account.

Restrictions on Returning to Post-retirement Employment

Retirees must adhere to the following restrictions or forfeit retirement benefits received during their ineligible post-retirement employment:

Bona Fide Separation from Service (BFSFS)

Retirees must have a bona fide separation from service (BFSFS) before considering returning to work in Oklahoma public education—this includes employment in any capacity (paid or unpaid) with a TRS participating employer including as an independent contractor or through a staffing agency. BFSFS means that *before members retire*, members cannot plan either verbally or in writing to return to work with a TRS-covered employer after retiring. TRS will delay or cancel the retirement of a member who retires without a BFSFS, and the member must repay retirement benefits to TRS. For members younger than 59½, an additional 10% early distribution federal tax penalty will be assessed when a member retires and receives retirement benefits without a BFSFS.

60-day break between employment and retirement

Following retirement, retirees are required to take a 60-day break from employment prior to returning to employment at a TRS participating employer. During this break, the retiree is not eligible to be employed by the public schools of Oklahoma *in any capacity*. Employment under this paragraph includes performing volunteer services for the purpose of obtaining a paid position at a later date or delaying payment for services performed during this time period. Employment during the 60-day break will cause the forfeiture of all retirement benefits received during this period.

The 60-day break shall commence on the later of:

- a. The member's effective retirement date, OR
- b. The last day the member is physically on the job or utilizing paid leave.

Post-Retirement Earnings Limit

Retirees who return to work in public education for the 36-month period following retirement are restricted to the following calendar year (Jan-Dec) earnings limits:

1. Retirees under age 62 and retired fewer than 36 months may earn the lesser of one-half of the final average salary used in calculating the

retirement; or the earnings limit allowed by the Social Security Administration for those under Social Security's normal retirement age.

2. Retirees aged 62 and older and retired fewer than 36 months may earn the lesser of \$30,000 or one-half the final average salary used in calculating the retirement.

Returning to Active, Contributing Status

To add service credits and earn additional retirement benefits, a retiree may elect to suspend retirement benefits and return to active, contributing status. The member must notify the System of their intent to suspend their retirement benefit until employment is terminated for the second retirement. *Contributions to the member's account continue in the same manner as other active contributing members.*

FICA Taxes

1. State Credit Offset

The amount paid by the State of Oklahoma to an eligible employees' retirement account is not subject to FICA taxes. This applies only to the amount the State of Oklahoma contributes to each eligible employees' retirement account pursuant to [70 O.S. § 17-108.2](#) and does not affect the tax status of federal income taxes or FICA taxes on wages or benefits paid to or on behalf of an employee by an employer.

2. Employee Contributions

Employee contributions to a qualified retirement plan that are “picked-up” by the employer and paid for the employee are “wages” for the purposes of FICA, if there is (or was) any diminution of the employee’s salary. The Internal Revenue Code subsection 3121 (v)(1)(B) provides generally that wages, for purposes of FICA, includes any amount treated as an employer contribution under IRS Code subsection 414(h)(2), where the pick-up is pursuant to a salary reduction agreement (whether evidenced by a written instrument or otherwise).

3. Legal and Tax Advisors

Employers are encouraged to consult with legal and tax advisors on this and all other matters to ensure compliance with IRS requirements.
