It has given me the necessary tools and information to further my business. Daron Hoggatt is a pleasure to work with. He's very knowledgeable and a tremendous help to me. Daron is a pleasure to work with! I refer him to others because he's provided me with the necessary tools and information necessary to further my business in ways I've not thought of. Thank you very much for helping Veteran entrepreneurs like myself!

I want you to know. My experience with Mr. Hoggatt was the most informative and focused Veterans Rep I have experienced in my years working with VA Personnel. I am enthusiastically excited with the service and support made available to our business. I have never had a bad experience with VA. It's that Hoggatt is a sincere professional. We are fortunate to have him working for Veterans in Oklahoma. It's too early for the results we will gain from ODVA services. The initial visit was a home run for my new Government Contracting Team. We hit the ground running with new helpful resources to move the needle on our initiative. Specifically, GrowthWheel, Business Marketing, and business plan drafts. These few tools have been a blessing. The work we are doing now will result in the objectives we desire. Better Customer relations, and revenue growth. In my four events hosted by ODVA I have had a pleasurable and was worth my time. Mr. Hoggatt does an outstanding performance. The coordinating, and logistics involved with his events is amazing. Well Done! The Oklahoma Department of Veterans Affairs has resources to support veterans. My family and business are better for the work they do. I want to give a standing ovation to ODVA. I see and experience first-hand, the work you are doing. It's all about veterans. Thank you! #veteranshelpingveterans

Crystal Shares Consulting

I was able to find out about relevant programs and resources to help assist me in building my business. I was also able to make some valuable connections with other veterans who are business owners. I am still working on getting my business going, I hope to get more direction moving forward. I enjoyed the fact that I could tell that you not only understand business but how to help others build their businesses as well. I believe that the services provided were valuable and needed. I attended the Making Connection Business Veteran's Conference that was hosted by Daron and the ODVA. It was top notch. I enjoyed each of the presenters. All of them shared useful information in their respective professions. The information shared was useful all the way from a beginning business owner to a veteran business owner. I found out about programs and resources available to me as a business owner that I wasn't aware of previously. The conference was very professional and relevant. We stayed on schedule and I would attend again if given a chance, and I would definitely recommend it to other veteran business owners looking for guidance or connections. I hope to continue using the services that Daron offers as I build my business. Let's just say I am happy customer.

Meeting with Daron helps me stay accountable. With Daron's help, I'm getting a strategy together. The best part of working with Daron is feeling like I have a someone on my team and in my corner! Everyone who can take advantage of these services should! It will be a game changer. My husband and I have been meeting regularly with Daron and it's been amazing. With Daron's help, we have someone in our corner, helping us build a strategy so we don't feel so lost. We also attended the Veteran-Owned Business Conference and that was phenomenal! You must go to next one if you can. Game changer!
