A former military vehicle is not required to display a license plate, provided proof of current registration is carried in the vehicle. The vehicle must, however, display in a prominent location on the vehicle a registration mark prescribed by Service Oklahoma. A unique identifying mark, similar to the mark assigned that vehicle by the armed forces branch in which the vehicle was used, may be utilized as this registration mark (1-8 alpha/numeric). If such a mark is not used, Service Oklahoma will designate a registration mark consisting of numbers and letters.

- Designate below any existing registration mark that is displayed in the manner outlined above. If no such mark exists, or you prefer Service Oklahoma to assign an identifying number, list "**NONE**" below and Service Oklahoma shall designate the mark to be utilized.

Registration Mark (if any):	The registration mark shall be displayed in digits at least two (2) inches in height, in a design and location which conforms with the vehicle's official military design and markings.

I, the undersigned, certify that I am the owner of the above described vehicle and that it meets the former military vehicle definition and usage restrictions outlined above.
