Overview

These Standard Operating Procedures (SOP) provide guidance on the different endorsements and restrictions specific to Commercial Driver Licenses (CDL) and Commercial Learner Permits (CLP).

Purpose

This SOP includes eligibility requirements for CDL endorsements and restrictions, in addition to instructions on how to apply endorsements and restrictions in the D360 system.

Policy Statement

These procedures only apply to those who are applying for or already hold a CDL or CLP.

Compliance

[49 CFR § 383.93](#) – Endorsements
[49 CFR § 383.95](#) – Restrictions
[47 O.S. § 6-110.1 \(OSCN 2025\)](#) – Endorsement Authorizations for Qualified Driver License Holders
[OAC 670:15-7-2](#) – Driving restriction codes

Systems

D360 – System of record used for issuing credentials.
CSTIMS – System used to record and view CDL test results.
TSA Portal – Used to verify TSA background check information for hazmat applicants.

Roles

List the roles and functions of anyone involved in the operations described within this document.

Role	Responsibilities
Driver License Examiner	Processes the issuance of CDLs and CLPs.

P – Passengers	Required to drive a vehicle having a design capacity to carry 16 or more people, including the driver. Applies to applicants who wish to drive a bus in any class (A, B, or C).	<ul style="list-style-type: none"> ▪ ALLOWED on CLP ▪ Must pass written AND drive test in a bus ▪ Must have M or N restriction on CLP or CDL ▪ ELDT must be completed prior to skills test
H – Hazardous Materials (Hazmat)	Required to haul any material that has been designated as hazardous under 49 U.S.C. 5103 and is required to be placarded under subpart F of 49 CFR part 172; or any quantity of a material listed as a select agent or toxin 42 CFR Part 73 must add a hazardous materials endorsement to their CDL.	<ul style="list-style-type: none"> ▪ NOT allowed on a CLP ▪ Must pass written test ▪ Must have completed hazmat ELDT prior to written test (ELDT can be waived with proof of previously holding hazmat endorsement) ▪ Must be at least 21 years of age ▪ Must complete TSA background check and provide current TSA information during issuance ▪ Only 4-year credentials can be issued with “H” or “X” endorsements ▪ Hazmat CANNOT be transferred

X – Combination Hazmat and Tank Vehicle	Required to drive tank vehicles hauling hazardous materials or waste in amounts requiring placards.	<ul style="list-style-type: none"> ▪ NOT allowed on a CLP ▪ Must pass written tests for BOTH hazmat and tank vehicle ▪ Hazmat ELDT must be complete prior to written test ▪ Hazmat CANNOT be transferred
S – School Bus	Required to drive a school bus. Applies to applicants who wish to drive a school bus in any class (A, B, or C).	<ul style="list-style-type: none"> ▪ ALLOWED on CLP ▪ Must pass written AND drive test in a school bus ▪ ELDT must be complete prior to drive test

Hazmat

Before attempting the hazmat written test, applicants must first complete the Entry Level Driver Training (ELDT) for the “H” Endorsement first. Examiners are required to verify that the ELDT is completed on CSTIMS before administering the test.

The screenshot shows the 'ELDT Class and Endorsements' interface. It contains five cards representing different classes and endorsements. Each card features a green checkmark icon, the text 'ELDT Met', and a blue 'Details' button. The 'H Endorsement' card is highlighted with a red border. The other cards (Class A, Class B, P Endorsement, S Endorsement) also show the checkmark and 'Details' button, but the 'P Endorsement' and 'S Endorsement' cards also display 'No Result' below the checkmark. A 'Go Back' link is located at the bottom right of the interface.

Those applying for a hazmat endorsement must also pass a background check through the Transportation Security Administration (TSA). It is recommended that applicants complete the background check prior to attempting the written test so that the background check is completed by the time the endorsement is being added.

After the applicant has passed the hazmat written test, they must verify that they passed their TSA background check before their “H” endorsement can be added.

NOTES:

If the TSA information does not support the full 4-year license in Oklahoma, the examiner will build the file as far as possible without actually issuing the credential. Put the transaction on hold and instruct the customer to complete a new TSA background check; once the new check is completed and processed, the customer can return to complete the issuance.

This is because Oklahoma does not have expiring endorsements, so the validity period of the TSA background check must cover the entire duration of the 4-year credential.

Processing Endorsements and Restrictions

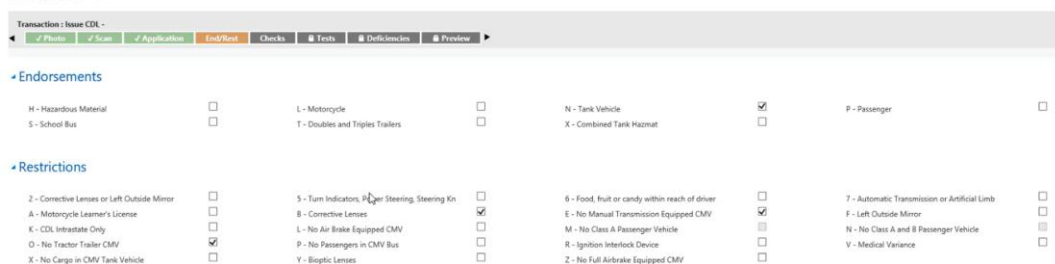

Once the applicant has passed the required tests (and any additional requirements) and has had their results recorded on their DL-18 form, endorsements and restrictions can be added during the CDL issuance through the “End/Rest” tab.

NOTE: Since Passengers (P) and School Bus (S) endorsements require passing a drive test, applicants must first pass the corresponding written tests to be issued a CLP with the P or S endorsement. They must hold the CLP for 14 full calendar days (not counting the day of issuance) before taking the CDL drive test for that endorsement.

Steps

1. **Open D360** and complete the transaction as per usual, up to the “End/Rest” tab.
2. On the “End/Rest” tab, check the boxes under “Endorsements” and “Restrictions” accordingly.

test, cdl =

The screenshot shows the 'End/Rest' tab in the D360 system. It contains two sections: 'Endorsements' and 'Restrictions'. Each section has a grid of checkboxes for various options. In the 'Endorsements' section, the 'N - Tank Vehicle' checkbox is checked. In the 'Restrictions' section, the 'L - No Air Brake Equipped CMV' checkbox is checked. Other checkboxes are either unchecked or disabled.
