

NOTE: Categorically eligible households where **all** members receive Temporary Assistance for Needy Families (TANF) and/or Supplemental Security Income (SSI) are not subject to either the gross **or** net monthly income tests for Supplemental Nutrition Assistance Program (SNAP) at certification. Households categorically eligible due to Oklahoma 2-1-1 obtain categorical eligibility when they receive the SNAP certification notice. During the certification period, all categorically eligible households with one or two household members, including households categorically eligible due to Oklahoma 2-1-1, qualify for the minimum allotment of \$23. Refer to SNAP policy located at Oklahoma Administrative Code (OAC) [340:50-9-5\(k\)](#).

Table I. Maximum Gross Monthly Income Standards - Without Elderly/Disabled Members

Gross monthly income is set at 130 percent of the federal poverty level (FPL). For each person over eight, add \$557 to the maximum gross income (\$5,478) for eight persons. Refer to SNAP policy located at OAC [340:50-9-1 \(b\)\(1\)](#).

For a household of:

1 person	2 persons	3 persons	4 persons	5 persons	6 persons	7 persons	8 persons
\$1,580	\$2,137	\$2,694	\$3,250	\$3,807	\$4,364	\$4,921	\$5,478

Table II. Maximum Net Monthly Income Standards

Net monthly income is set at 100 percent of the FPL. Households that include a member who is 60 years of age or older, or disabled, are subject only to the maximum net income standard for the household size. For each person over eight, add \$429 to the maximum net income (\$4,214) for eight persons. Households with a person 60 years of age or older or disabled are eligible when their gross income is less than 165 percent of FPL as indicated in Table III.

For a household of:

1 person	2 persons	3 persons	4 persons	5 persons	6 persons	7 persons	8 persons
\$1,215	\$1,644	\$2,072	\$2,500	\$2,929	\$3,357	\$3,785	\$4,214

Table III. Maximum Gross Monthly Income Standards

Use this table for entire household when a person 60 years of age or older lives with others and is unable to purchase and prepare meals separately because of a permanent disability. Gross monthly income is set at 165 percent of FPL. The 165 percent FPL by household size refers to **everyone** who lives in the home and **only if** everyone's total gross income is less than or equal to 165 percent FPL, can the elderly **and** disabled person (and spouse if appropriate) be determined eligible as a separate household. For each person over eight, add \$707 to the maximum gross income (\$6,952) for eight persons.

When eligible as a separate household, the total net monthly income of the person and the person's spouse, if appropriate, must be at or below Table II's maximum net income for a 1 or 2 person household. Refer to SNAP policy located at OAC [340:50-5-1\(c\)](#).

For a household of:

1 person	2 persons	3 persons	4 persons	5 persons	6 persons	7 persons	8 persons
\$2,005	\$2,712	\$3,419	\$4,125	\$4,832	\$5,539	\$6,246	\$6,952

Table IV. Maximum Benefit Allotments

Determine maximum allotment for the household size by adding \$219 for each person over eight to the maximum allotment (\$1,751) for eight persons. Multiply the household's net food benefit income by 30 percent, round cents up to the next dollar, and subtract answer from the maximum food benefit allotment. If that amount is less than \$23 and the net income is at or below the maximum or categorically eligible, the food benefit is \$23 for a household size of one or two.

When proration of initial month benefits results in less than \$10, no issuance is made. When the monthly allotment is zero, the household is denied or closed, unless it is a categorically eligible household.

For a household of:

1 person	2 persons	3 persons	4 persons	5 persons	6 persons	7 persons	8 persons
\$291	\$535	\$766	\$973	\$1,155	\$1,386	\$1,532	\$1,751
